

FREECOM 4+

The ultimate 4-way Bluetooth communication system

Up to 4 way communication at the greatest distance

Giving riders the best range on the road with the best speakers- sound by JBL

So many features you almost forget the FREECOM4+ is also aerodynamic

20mm from top to bottom and packed with GPS, Natural Voice Operation, radio, Universal Bluetooth Connectivity, and so much more

FREECOM 4+

The ultimate 4-way Bluetooth communication system

4 Way Bike to Bike Bluetooth Communication System

Whether you ride alone or in a group of 4, experience the most advanced Bluetooth communicator on the market

Natural Voice Operation

Our all-new, always-on, natural voice operation rids you from the need to ever press a button again. Just tell it what you want, it will do the rest

Sound By JBL

Powerful speakers engineered to perfection by JBL experts with specially tuned music processor and three distinctive audio profiles, will make your riding experience exceptional

Real Range

Outside the lab, on the real road, with real traffic, interferences and weather, FREECOM4+ will deliver you up to twice the intercom range as the competition

Every Feature Imaginable

Universal Bluetooth connectivity. FM radio, full phone connectivity. Charge while riding, Automatic Volume Control, mobile conferencing, music & radio sharing, GPS, music streaming, natural voice operation, connectivity with two Bluetooth mobile devices, hybrid & corded mic, VOX, parallel audio streaming (Android only), Cardo Connect App (iOS/Android), we left nothing out

Slimmest Communicator

Only 20mm top-to-bottom. FREECOM 4+ aerodynamic design and low wind noise makes the other Bluetooth headsets look like blunt tools

Waterproof

No matter what you throw at it, your waterproof FREECOM 4+ will take the beating from water to keep you connected
